Carelinks Baltic Home

The acquisition of an old farm building and its transformation into a multi-purpose building has been an exciting Carelinks initiative over the past couple of years. Many brothers and sisters have lovingly contributed their energies to this amazing renovation. While there is still much work to be done, it was great to have developments completed to a point at which a Bible School was recently held at the facility.

Strategically located in northern Latvia the Baltic Home, affectionately named by the local brothers and sisters as "Nash Dom" (Our Home); is well placed to receive brothers and sisters from Latvia, Estonia, Lithuania, Belarus, Russia, Poland and of course, is only a short air-ride from the U.K. and Western Europe.

For many brothers and sisters 'Nash Dom' will be a refuge in times of hardship, and some will spend the winter safe and warm in the home. Other elderly brothers and sisters will also use the home as a place for recuperation. And naturally it is a meeting point for many of the Faith to meet together and share time together discussing the hope we all hold so dear and valuable.

The transformation of this building has not been without great effort – local workers have been blessed with the assistance so willingly lent by many brothers and sisters from the U.K., the U.S.A., Canada, Australia and many other places, some travelled long distances to give their energy to this project. No one can ever thank them enough. There is still much to do to complete the work on the Home – so if you'd like to swap your pen for a hammer or your computer for a trowel, we'd love to have you join us in this important work.

For more information please contact a Carelinks volunteer or email us at info@carelinks.net – we would love to hear from you.
