# *Preaching with Carelinks*

## **preach..**

v. *tr.*

To proclaim or publish tidings; specifically, to proclaim the gospel

To advocate, especially to urge acceptance

v. *intr.*

To give religious or moral instruction

There are many facets to the work that Carelinks Christadelphian Ministries undertakes but one of the most interesting surely is the opportunity to take Christ to the world. The message of the Gospel is compelling and personally affects everyone on this earth, so we appreciate the great commission our Lord has given us all... "Go into all the world, and preach the gospel to every creature."

Preaching is not just an activity however, it's a culture – and it encourages us to make Christ real and relevant to everyone in everything that we do. The majority of Carelinks' preaching efforts are based around using the technology and communications devices of our age to reach people, who in various conditions and stages in their lives make a decision to respond to our advertising. We receive thousands of visits *per day* to our websites, resulting in a huge amount of Bible Basics literature being mailed out each week. These contacts are then followed up by local Carelinks volunteers.

We encourage daily Bible reading early in our relationship with contacts because this generates interest and questions; and we can bring these contacts further through the stages that run from initial 'curiosity' to ultimately being 'fully convinced' and demanding baptism into Christ.

Other preaching methods we use include systems and resources that facilitate personal outreach. This costs far less than advertising based methods because brothers and sisters are encouraged to bring their family and friends to share the same knowledge of salvation that they enjoy. Many baptisms are the result of this kind of facilitated preaching.

If you would like to become more involved in this important work, either locally or abroad, please contact a Carelinks volunteer or email us at [info@carelinks.net](mailto:info@carelinks.net) – we would love to hear from you... *wherever you are, wherever you want to be.*
