

Carelinks USA and Bible Basics ministries

One of the ministries we do here in the United States is to mail out and follow-up for internet requests received from the various Carelinks websites e.g. www.Carelinks.net , www.biblebasicsonline.com, www.realchrist.info, www.realdevil.info, www.exjw.org.uk etc. The sites offer a free *Introducing Bible Basics* book.

Duncan Heaster in Riga, Latvia gets the requests and follows up with an introduction letter to weed out anyone who is not really serious about the Bible or wanting to know more. We tell them up front we're not Trinitarian, believe in the Kingdom coming on earth etc.- and yet still people are interested. Last week alone we received over 5300+ requests for the *Introducing Bible Basics*

When people reply to the confirmation letter, Duncan emails the contacts to Brother Charlie here in the United States. From there we get to work. As you can see below we get many serious requests for the *Bible Basics* book. On average about one in eight people respond to the confirmation letter.

When a person receives the *Introducing Bible Basics* book many will do the test questions at the end of each chapter and mail them back to us for correcting and further contact.

Upon completion we then mail the contact the big *Bible Basics* book. Further contact is initiated and we then provide one on one discipleship training over the phone and attempt to locate a fellowship for the contact to get involved in more intense Bible study and proceed to baptism.

During this whole process we discuss ways to provide support and fellowship through emails and phone conversations. We find many people who are coming out of the main stream denominational churches and are coming to the same conclusions doctrinally on their own. The Bible Basics book and this ministry just confirms what these people are discovering in the written word of the Bible.

Discussion and hopeful expectation of God's hand working through this ministry

Then we connect people with various churches, ecclesias and brethren around the country and we are in awe of what has been happening..

We are excited to see this great influx of requests in the last month. Here are some numbers for you to think on. From 2003-2008 www.Carelinks.net and

www.biblebasicsonline.com have received somewhere in the neighborhood of 22,000 requests for Bible Basics from North America.

Just in the last few weeks alone we have received over 5300 requests! That means in just a few weeks we have received over a years' requests in just a two week time frame!

We believe that God is doing something beyond what we can imagine in these last days. The overwhelming responses and letters we get encourage us to continue on with this ministry. Many are hungry for truth and something that is real. They see it when they study the Bible and realize the truth on their own. We are thankful for the opportunity to serve in this capacity and are thankful for your support and prayers.

The requests keep on coming in and the gospel of the Kingdom is being preached!

Praise Yahweh, and come quickly Yahshua our Messiah!
